**Judith Bantock**

Since 2017 I have been working at Baby Cow Productions as **Head of Production**. I joined initially to provide cover while the HoP had taken on the role of Producer. A year later I was fortunate enough to be given the role permanently when my predecessor decided to leave. This followed over six years as a freelance Line Producer in TV narrative comedy. I also line-produced the feature film: David Brent – Life on the Road, written and directed by Ricky Gervais.

Before becoming freelance, I was staff at the BBC working on high-profile productions across both comedy and entertainment. In particular, the annual Comic Relief/Sport Relief TV appeals where it was necessary to draw on my past experience of ‘shiny floor’ shows, comedy dramas, sit-coms and sketch shows.

I pride myself on putting together strong, efficient and happy production teams who work well together. I have a reputation for bringing shows in on budget whilst still managing to satisfy the creative needs of the talent, directors and producers.
